Your single-source resource
to tackle the toughest environmental
infrastructure challenges

**DEEP SOUTH
INDUSTRIAL SERVICES**

A Carylon Company

PROVEN TRACK RECORD

Deep South Industrial Services, Inc., a Carylton company, specializes in cleaning and planned maintenance for industrial, environmental and utilities companies. Our proprietary cleaning technologies help improve the operating efficiency of power plants, paper mills, wood yards, steel and automotive industries to reduce the downtime associated with maintenance and outage activities. We have grown to be one of the largest and most experienced industrial services maintenance contractors in the country - working with our clients to deliver exceptional results.

Extensive training, experienced supervision

We are committed to providing our customers with the best possible service anywhere and approach each job with the same enthusiasm and pride as if it were our first. We're also incredibly safety-conscious. Every task we perform is completed with an eye toward safety, built out of our continuous training practices, consistent work flows and positive reinforcement.

Guaranteed to get the job done right

As part of the Carylton family, Deep South Industrial Services has the resources and expertise to offer the best possible service available anywhere and back every project with a guarantee that is unmatched in the industry:

“You must be completely satisfied or you pay absolutely nothing for our services.”

Local presence, national footprint

Deep South Industrial Services is headquartered near Atlanta, Georgia, with the ability to complete projects nationwide. Our local market presence also lets us leverage knowledge of relevant environmental issues so we can respond quicker to an infrastructure threat or emergency.

BROAD RANGE OF SERVICES

It doesn't matter if your project calls for the use of one piece of equipment or multi-disciplinary crews and a fleet of specialized equipment. Deep South Industrial Services is uniquely positioned to work side-by-side with industrial companies, utilities and municipalities to deliver proven, scalable solutions.
